INTRODUCTION

Hello Bradley,

Thank you for letting us quote your exciting landscaping project. Having a beautiful yard you can be proud of and enjoy year round is our goal.

Attached you will see a full quote of work to be done as well as pictures showing the areas we will be working on.

Please review the quote and highlight any areas you may have questions on. I have broken the actual quote down into simple line items for easy reference and discussion.

The following are the steps we will take once we agree on the project.

1. Get sign off on all work that will be completed
2. pre-construction pictures and walkthrough of the property for reference
3. removal of all old materials and waste
4. fully licensed and insured crew will then begin the process of completing your work
5. Full daily contact with your project manager to go through completed works
6. final sign off and payment of the entire project once complete

Thank you again for letting us be part of this exciting landscaping renovation and we look forward to giving you the dream yard you have always wanted

Warmly,

Hemingway once said—"If you are lucky enough to have lived in Paris as a young man, then wherever you go for the rest of your life, it stays with you, for Paris is a moveable feast." Much like the gardens of Versailles, French-inspired gardens are a feast for the eyes with topiaries, lavender, and cypress as the table settings, that marry the interior with the exterior. You get the picture.

The only thing missing on the sunset-colored pavers of a Spanish-styled abode is the clip-clop of a famous black horse and its enduringly handsome masked rider.
